

THIRD ANNUAL CONFERENCE

The premier conference and exhibition for nurses running effective clinics and services

only
£195
+VAT

(includes entry into ALL the conference sessions and exhibition, refreshments and handbook)

Nurse Clinics 2010

Tuesday 9 November 2010 National Motorcycle Museum, Birmingham

Topics include:

- ▶ Why start a nurse led clinic?
- ▶ Nurse clinics and developing nursing roles: National update and moving forward
- ▶ Nurse Clinics: learning from overseas experience
- ▶ Leading the development of innovative services to improve patient outcomes
- ▶ Expanding your clinic and succession planning
- ▶ Meeting the quality and productivity challenge for Specialist Nurses
- ▶ Involving patients and carers: learning from a patient led service
- ▶ Developing and maintaining competence for running nurse clinics safely and effectively
- ▶ The future of nurse clinics and advanced nursing practice

“It gives me great pleasure to once again chair this popular and important event and to welcome new and returning delegates. There are few opportunities for such a large number of practitioners involved in nurse-led clinics to come together and share best practice experience, so it gives me great pleasure to once again over see events and I look forward to welcoming everyone to Birmingham.”

DR RICHARD HATCHETT
AUTHOR 'NURSE LED CLINIC: PRACTICE ISSUES',
AND PRINCIPAL LECTURER FACULTY OF HEALTH AND
SOCIAL CARE LONDON SOUTH BANK UNIVERSITY

Chair and speakers include:

Dr Richard Hatchett

Author 'Nurse Led Clinic: Practice Issues'
and Principal Lecturer Faculty of Health and
Social Care London South Bank University

Professor Dickon Weir-Hughes

Chief Executive and Registrar
The Nursing and Midwifery Council

Plus conference streams and workshops:

Nurse Prescribing

Setting up Nurse Clinics

Legal and Risk management

Nurse Clinics in Surgery

Nurse Led follow up

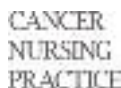

Nurse clinics in wound care

Cancer Care

Primary Care

Mental Health

Cardiac Care

The logo for Nurse Clinics 2010 features a stylized graphic of three curved lines in shades of green and blue, resembling a swoosh or a stylized 'N'. To the right of this graphic, the word 'Nurse' is written in a blue sans-serif font, 'Clinics' in a larger blue sans-serif font, and '2010' in a green sans-serif font.

Nurse Clinics 2010

Tuesday 9 November 2010 National Motorcycle Museum, Birmingham

This third national conference provides a vital platform for practitioners to listen and discuss important issues with fellow professionals about the latest developments in Nurse Clinics. Chaired by **Dr Richard Hatchett** Author '*Nurse Led Clinic: Practice Issues*' and Principal Lecturer Faculty of Health and Social Care London South Bank University, delegates will first get the opportunity to listen to the Chair speak on the continuing development of nurse-led clinics and evidence to support the value of nurse clinics in healthcare.

This will be followed by an international address by **Soley Ingadottir** Clinical Nurse Specialist University Hospital, Iceland who will discuss what can be learnt from overseas experience in Nurse Clinics.

The conference then continues and splits into breakout streams where delegates will have an extensive choice of speciality and focus issue sessions. Each stream is made up of morning and afternoon sessions with all delegates re-convening at 4pm for the closing address by **Professor Dickon Weir-Hughes** Chief Executive and Registrar The Nursing and Midwifery Council focusing on the future of advanced nursing practice and nursing care. This will be followed by a panel discussion which gives the opportunity for delegates to raise questions and issues for discussion for the future of advanced nursing practice.

The Nursing and Midwifery Council must regulate advanced nursing practice, ensuring that advanced practitioners are recorded as such on the register and have the required competencies. Stakeholders must also consider how to reduce and standardize the proliferation of roles and job titles in nursing. The Midwifery 2020 programme should consider whether midwives working in specialist and consultant roles need advanced level regulation.

FRONT LINE CARE REPORT BY THE PRIME MINISTER'S COMMISSION ON THE FUTURE OF NURSING AND MIDWIFERY IN ENGLAND MARCH 2010

Feedback from last years delegates

"Very good – provoked deeper thinking of how some of the ideas could be applied in my field of practice. Uplifting to know that nurses are extending their roles and improving patient care in so many areas."

NOBLE'S HOSPITAL, INSTITUTE OF MEDICINE

"I thoroughly enjoyed the day. Very interesting and inspiring."

BURTON HOSPITALS NHS TRUST

"Very interesting programme – a lot of the topics and presentations relate to other professions too. I attended as CSM for nurse-led clinic, but I am a pharmacist. I will be taking much of the information and ideas back to both areas of my practice."

LEEDS PARTNERSHIPS NHS TRUST

"Well organised and some excellent speakers."

PENNINE ACUTE HOSPITALS NHS TRUST

Poster display

A series of poster displays outlining some of the latest research and best practice developments in nurse led clinics and services will be available for delegates to view in the exhibition hall throughout the conference.

Exhibition

Attending the conference will give you free access to the exhibition. You will have the opportunity to meet around 40 exhibitors displaying, demonstrating and explaining products and services of direct relevance to aide and support you in the day-to-day running of clinics.

If you would like to arrange an appointment with any of the conference exhibitors please let us know.

To find out about the exhibition or exhibiting at the conference, please contact Nicola Finley on **020 8541 1399** or **email nicolaf@healthcare-events.co.uk**

Do you have research or information that you would like to share with delegates and speakers attending this conference?

We have the following options available:

- DISPLAY YOUR POSTER AND INFORMATION IN THE EXHIBITION HALL
- YOUR RESEARCH PAPERS COULD ALSO BE INCLUDED IN THE DELEGATE PACKS

To discuss this further please contact the Exhibition Team on: **020 8541 1399**

Accreditation

Nurse Clinics 2010 is accredited by the RCN Accreditation Unit. RCN accredited events can enhance your PREP portfolio and contribute towards your continuing professional development. You will receive a framework for reflection sheet to complete for your portfolio along with a certificate of attendance.

Conference information

Venue The National Motorcycle Museum
Coventry Road, Bickenhill, Solihull
West Midlands B92 0EJ.

Date Tuesday 9 November 2010.

JOINT OPENING SESSION

Chairman: Dr Richard Hatchett *Author 'Nurse Led Clinic: Practice Issues' and Principal Lecturer Faculty of Health and Social Care London South Bank University*

10.00 Chair's introduction: Why start a nurse led clinic?

- origins and development of nurse led clinics
- existing evidence to support the value of nurse led clinics

10.10 OPENING ADDRESS Nurse clinics and developing nursing roles: National update and moving forward

Professor Christine Norton
Professor of Clinical Nursing Innovation
Imperial College Healthcare NHS Trust
and Bucks New University

- developing nursing roles and challenging the barriers to nurses and midwives 'taking charge' and leading services
- demonstrating the financial value of nurse clinics in the current difficult economic climate
- national progress, developments, and moving forward

10.35 INTERNATIONAL ADDRESS Nurse Clinics: learning from overseas experience

Case study: partnership to enhance health in people with advanced lung disease and their families

Soley Ingadottir
Clinical Nurse Specialist
University Hospital, Iceland

- nurse led clinics: the opportunity for nurses to make a difference
- advanced nursing practice: developments across Europe

11.00 Questions and answers, followed by coffee and exhibition at 11.10

CONFERENCE CONTINUES AND SPLITS INTO BREAKOUT STREAMS

(Morning 11.40–13.05 then afternoon 14.00–15.30)

Providing an opportunity to network and share experiences with others running clinics

A MORNING Nurse prescribing AFTERNOON Nurse clinics in mental health	B MORNING Nurse led follow-up AFTERNOON Nurse cancer clinics (inc Urology)	C MORNING Essential step by step guide to setting up nurse clinics AFTERNOON Nurse cardiac clinics	D MORNING Legal and risk management issues AFTERNOON Nurse clinics in primary care	E MORNING Nurse clinics in wound care AFTERNOON Nurse Clinics in Surgery
---	---	---	---	---

FOCUS ISSUES FOR DEVELOPING ADVANCED NURSING PRACTICE AND RUNNING NURSE CLINICS (continued in the main theatre)

11.40 Leading the development of innovative services to improve patient outcomes

Shirley Martin
Surgical Care Practitioner and Robotics Specialist Nurse
Imperial College Healthcare NHS Trust

- leading the development of innovative services: my experience
- challenging professional barriers to lead change and redesign
- ensuring competence in advance practice through continuous education and training
- working at an advanced level of nursing practice: carrying out surgical procedures

12.15 Expanding your clinic and succession planning

Chrystal Fox
Divisional Director, Family Services
and **Lynn Goy** *Matron, GU Medicine*
Doncaster and Bassetlaw NHS Foundation Trust

- ensuring the clinic is set up to evolve with or without you
- expanding a successful clinic to provide an improved service
- using the format to set up new clinics
- career development for advanced nurse practitioners

12.50 Questions and answers, followed by lunch and exhibition at 13.00

14.00 Meeting the quality and productivity challenge for Specialist Nurses

Dr Karen Castille OBE
Chief Nurse and Operating Officer
Cambridge University Hospitals NHS Foundation Trust

- Specialist Nurses – Value for money?
- a review of Specialist Nurses at Cambridge University Hospital – What do they spend their time doing? – Benchmarking
- what did we find?
- how the review is supporting Workforce Planning and Productivity agendas

14.25 Involving patients and carers: learning from a patient led service

Lindy Irving
Personal Development Coach
The Moreland Clinic

- ensuring a patient-centred service: involving patients and carers in the development of your clinic
- learning from the patient experience to make changes and improvements to your service
- treating patients with dignity, compassion and respect within your clinic

14.50 Developing and maintaining competence for running nurse clinics safely and effectively

Nikki Hale
Programme Manager – Competences
Skills for Health

- developing and maintaining competence in advanced nursing practice for running nurse clinics
- strategies for assessing ongoing competence development in practice
- career progression: identifying and transferring knowledge and skills across different levels and specialities

15.15 Questions and answers, followed by tea and exhibition at 15.25

FINAL OPENING SESSION

16.00 CLOSING ADDRESS FROM THE NURSING AND MIDWIFERY COUNCIL: The future of advanced nursing practice

Professor Dickon Weir-Hughes
Chief Executive and Registrar The Nursing and Midwifery Council

- the future for advanced nursing practice and nursing care
- an update on the regulation and revalidation of advanced nursing practice

16.30 PANEL DISCUSSION: The future of nurse clinics and advanced nursing practice

An opportunity for delegates to raise questions and issues for discussion around the future of advanced nursing practice
Panel members include:

Professor Dickon Weir-Hughes *Chief Executive and Registrar* The Nursing and Midwifery Council
Nikki Hale *Programme Manager – Competences* Skills for Health
Monica Fletcher *Chief Executive* Education for Health

17.00 Questions and answers, followed by close

Endorsed by

NURSING
MANAGEMENT

Stream A

AM Nurse Prescribing within a clinic

Chair: Sam Sherrington *Non-Medical Prescribing National Advisor National Prescribing Centre Vice Chair Association for Nurse Prescribing and Non Medical Prescribing Lead NHS Northwest (also 11.40 speaker)*

11.40 Nurse prescribing: National update, progress and moving forward

- the impact of nurse prescribing on delivering high quality compassionate, safe and effective patient care within nurse led clinics
- promoting and supporting the continued development of nurse prescribing: update from the ANP
- mixing medicines and prescribing unlicensed medicines: changes to the law

12.05 Nurse prescribing and using Patient Group Directions in nurse led clinics

Louise Hilton *Senior Nurse (Diabetes) Bolton PCT*

- independent nurse prescribing, patient group directions and supplementary prescribing explained
- prescribing within a clinic setting: when to use the various prescribing routes
- challenges in developing and utilising nurse prescribing in practice

12.30 Preparing to prescribe within a nurse led clinic

Marion Russell *Clinical Development Nurse: Medicines Management and Non-medical Prescribing Lead for Nurses Guy's and St Thomas' NHS Foundation Trust*

- developing competence to prescribe and administer medicines safely and effectively
- improving your assessment and diagnosis skills for nurse prescribing
- ensuring good medicines management within your clinic

12.55 Questions and answers, followed by lunch at 13.05

Endorsed by

PM Nurse Clinics in Mental Health

Chair: Tim McDougall *Nurse Consultant and Lead Nurse Cheshire and Wirral NHS Foundation Trust*

14.00 Chair's welcome and introduction

- New Horizons: national guidance and policy update and implications for nurses running clinics in mental health
- developing advanced practice in mental health to support improved care

14.25 The impact of a nurse led recovery clinic in a community mental health service

Paul Fallon *Senior Practitioner for Nursing Greater Manchester West NHS Mental Health Foundation Trust*

- the impact of a recovery focussed nurse led clinic on the service user experience
- managing service redesign and changes in roles and the anxiety this may cause service users
- enhancing recovery and discharging from secondary mental health services back to primary care

14.50 Developing a holistic nurse led unit Case study: Nurse Led Organic Assessment Unit

Valerie Provan *Nurse Consultant Cumbria Partnership NHS Foundation Trust*

- developing a nurse led unit: tips and advice
- nurse prescribing within the unit
- ensuring a holistic approach and providing alternatives to medication where appropriate

15.15 Questions and answers/Group Discussion, followed by tea and exhibition at 15.25

Endorsed by

Stream B

AM Nurse Follow up clinics

Chair: Speaker to be announced

11.40 Chair's welcome and introduction

- setting up a nurse led follow-up clinic: where to start
- working across boundaries: engaging the multidisciplinary and multi-agency teams
- the Enhanced Recovery Programme: implications for nurse led follow-up

12.05 Setting up a 'one stop shop' early follow-up clinic

Marion Elliot *Senior Nurse, Cardiac Rehabilitation Oxford Radcliffe NHS Trust*

- developing a comprehensive approach to patient follow up that integrates secondary prevention and lifestyle advice ? the cost of setting up the clinic and potential savings
- evaluating the impact on length of stay, medication use, rehabilitation and patient life-style

12.30 Improving quality and reducing costs through nurse led telephone follow-up

Nikki Scarlioli *Macmillan Community Prostate Nurse West Essex PCT*

- working with community and primary care to provide choice and personalised care closer to home
- an overview of the service and the impact on quality and patient experience
- implementing the new service and demonstrating cost savings

12.55 Questions and answers, followed by lunch and exhibition at 13.05

PM Nurse Cancer Clinics

Chair: Elaine Lennan *Nurse Consultant Southampton University Hospitals NHS Trust Vice-Chair UKONS and Member National Chemotherapy Advisory Group*

14.00 Chair's welcome and introduction

- the Cancer Reform Strategy – 2 years on: implications for nurse cancer clinics
- national updates in cancer nursing care including the development of nurse sensitive outcomes and indicators

14.20 Piloting a nurse led cancer service to establish safety and effectiveness

Steve Hill *Specialist Nurse The Christie NHS Foundation Trust*

Steve received the 'Excellence in Oncology Nursing' award at the British Oncological Association and Pfizer Limited Awards 2009 for setting up an abdominal drainage daycase procedure service – the first nurse led service of its kind dedicated to cancer patients in the UK.

- establishing safety and effectiveness: how to pilot a service
- collecting and analysing patient feedback and outcomes
- the impact of the service and the potential cost savings

14.45 Developing safe, effective and efficient nurse led cancer clinics

Alison Gidlow *Clinical Nurse Specialist, Urological Cancers East Sussex Hospitals NHS Trust*

- developing protocols and guidelines to support the safe and effective running of a nurse led clinic
- working more productively: clarifying team roles and improving the use of resources
- demonstrating improved patient experience and outcomes

15.10 The nationally transferable role of the Advanced Practitioner (Cancer Nursing)

Filao Wilson *Divisional Manager (Workforce Policy Implementation) Skills for Health and*

Jacqui Graves *Clinical Programme Manager Macmillan Cancer Support*

- launching the nationally transferable role of the Advanced Practitioner (Cancer Nursing)
- developing a consistent approach to defining the skills, competences and learning required to work at an advanced level or practice and run nurse led cancer clinics and services
- benchmarking advanced nursing practice against national standards

15.35 Questions and answers/Group discussion, followed by tea and exhibition at 15.40

Endorsed by

Stream C

AM Essential steps to setting up nurse clinics

Chair: Elaine Coady

Healthcare Consultant, S&C Healthcare Partnership and Former Nurse Consultant, Cardiology Guy's and St Thomas' NHS Foundation Trust

Welcome and introduction

11.40 Planning your clinic: securing funding and support

Linda J Kelly Lead Nurse NHS Greater Glasgow and Clyde

- how to business plan and prepare a business case to demonstrate the need for the clinic: where to start
- developing an evidence-base to show the potential impact of the clinic on patient care
- establishing and publicising the service the clinic will provide

12.05 Making and receiving referrals Case study: the Nurse Led Dyspepsia Clinic

Joy Sadeghian NSP Gastroenterology Endoscopist
Homerton University Hospital NHS Trust

- developing criteria for making and receiving referrals
- integrating the clinic into the service: engaging the multidisciplinary team
- developing, writing and adhering to protocols and guidelines to support your nurse led clinic
- using the Electronic Patient Record system to streamline the patient journey and reduce DNA rates

12.30 Setting up an audit to evaluate the impact of your clinic: where to start

Liz Lees Consultant Nurse, Acute Medicine
Heart of England NHS Foundation Trust

- the essentials of audit in practice
- areas of difficulty: data entry, data analysis/interpretation and data dissemination
- case example

12.55 Questions and answers, followed by lunch and exhibition at 13.05

PM Nurse Cardiac Clinics

Chair: Jan Keenan Acting President/Honorary Secretary British Association for Nursing in Cardiovascular Care (BANCC) Nurse Consultant, Cardiac Medicine and Joint Non-medical Prescribing Lead Oxford Radcliffe Hospitals NHS Trust

14.00 Chair's welcome and introduction

- national guidance and policy update for cardiac care
- developing excellence in cardiovascular nursing, and care of the cardiovascular patients: update from the BANCC

14.20 Running nurse cardiac clinics: making and receiving referrals

Linda Edmunds Nurse Consultant Cardiac Care Cardiff and Vale NHS Trust

- developing criteria for making and receiving referrals
- integrating the clinic into the service: engaging the multidisciplinary team
- developing, writing and adhering to protocols, guidelines and criteria to support and publicise your nurse led clinic
- prescribing within the clinic: the impact on quality of care and productivity

14.40 Supporting nursing development, education and competency for running multipurpose nurse led cardiology clinics

Catherine Allman Nurse Practitioner Cardiology
Royal Devon and Exeter Foundation Trust

- providing nurses with adequate training, education and competency development to run multipurpose nurse led cardiology clinics
- developing protocols and guidelines to support the nursing team
- running a streamlined efficient and effective service and moving towards telephone pre-assessment

15.00 Empowering patients to manage their healthcare post discharge – Case study: Nurse led acute coronary syndrome clinic

Vickie Dodd Acute Coronary Syndromes Practice Educator
George Eliot Hospital NHS Trust

- supporting patients discharge into the community following an acute coronary syndrome
- assessing patient's symptoms, providing advice, encouraging medication concordance and promoting healthy lifestyle
- re-evaluating the clinic and using the experience to develop further cardiac nurse led clinics in future

15.20 Questions and answers/
Group Discussion, followed by
tea and exhibition at 15.30

Endorsed by

Stream D

AM Legal and risk management issues

Chair: Chris Cox Director of Legal Services The Royal College of Nursing

11.40 Nurse clinics: Legal and risk management issues

An opportunity for delegates to seek information and advice on legal and risk management issues around running clinics and advanced nursing practice

- risk management and legal issues to be aware of when running nurse led clinics? legal implications of extending roles and autonomous practice
- risk management and professional standards: essential tips

12.20 Group work:

Working through case examples and determining the legal and risk management issues

12.40 Advice session/Questions and answers, followed by lunch and exhibition at 13.05

PM Nurse Clinics in Primary Care

Chair: Monica Fletcher Chief Executive Education for Health

14.00 Nurse led clinics in primary care: past, present and future

- establishing nurse led clinics in primary care: where are we at?
- looking forward: the likely impact of national policy on nurse led clinics in primary care
- sustaining nurse led clinics amid the changing structure and reorganisation of Primary Care services

14.20 Working autonomously in the community: overcoming challenges and issues

Case study: nurse led contraception and sexual health service

Chris Ruddick Peripartetic Nurse NHS Newcastle and North Tyneside Community Health

- managing and receiving appropriate referrals
- working autonomously in the community: overcoming challenges and issues
- auditing and then developing the service

14.45 Ensuring an efficiently run service whilst continuing to provide high quality care

Case study: a nurse led community anticoagulant service

Elizabeth Brough Trust Lead for Anticoagulation Nurse Led Services
Pennine Acute Hospitals NHS Trust

- working within a multidisciplinary team to agreed protocols, PGDs and guidelines
- providing education, support and advice to patients and other healthcare professionals
- auditing and evaluating the effectiveness of the service to ensure high quality care and compliance to national standards

15.10 Developing the role of Paediatric Advanced Nurse Practitioners within the community

Jo Wilson Paediatric Advanced Nurse Practitioner and
Mark Randell Paediatric Advanced Nurse Practitioner
Leicester City Community Health Service

- demonstrating the value of Advanced Nurse Practitioners in the community
- securing future investment for the role

15.35 Questions and answers/Group discussion followed by tea and exhibition at 15.40

Endorsed by

Stream E

AM Nurse Clinics in Wound Care

Chair: Elaine Strachan Hall *Director of Nursing and Clinical Leadership Oxford Radcliffe Hospitals NHS Trust and Executive Workstream Lead 'No Needless Skin Breakdown' Patient Safety Federation*

11.40 Chair's welcome and introduction National developments in wound care

- national developments in wound care: update and implications for practice
- managing wound care in a nurse led clinic

12.05 Implementing changes to improve quality of care and reduce costs

Sylvie Hampton *Tissue Viability Consultant Tissue Viability Consultancy Services*

- developing a nurse led initiative to improve pressure ulcer care in practice: tips and advice
- reducing costs by avoiding the need for hospital admission
- educating community nurses and nursing home staff

12.30 Developing a nurse led outreach clinic for leg ulcer management

Lynn Davis *Tissue Viability Lead Nurse and Anna Gibbins* *Practice Development Lead for Case Management NHS Gloucestershire*

- developing a nurse led outreach clinic for leg ulcer management
- contributing to self care and empowerment of new patients through Patient Ambassadors
- the impact of the clinic on healing and recurrence rates

12.55 Questions and answers/group discussion, followed by lunch at 13.05

PM Nurse clinics in surgery

Chair: Tracey Shaul *Chairman of the National Association of Assistants in Surgical Practice and Colorectal Advanced Nurse Practitioner Milton Keynes NHS Foundation Trust*

14.00 Chair's welcome and introduction

- developments for Advanced Surgical Care Practitioners
- support for nurses expanding their practice and performing surgery
- overcoming the challenges you will face for running a nurse led surgery clinic

14.20 Incorporating PROMs into nurse clinics in surgery from diagnosis to longer-term follow-up

Case study: nurse led clinics before and after hip and knee replacement surgery

Dr Brian Lucas *Orthopaedic Advanced Practice Nurse Whipps Cross University Hospital NHS Trust*

- a nurse led clinic supporting the whole patient pathway from diagnosis to longer-term follow-up post surgery
- Patient-Reported Outcome Measures (PROMs) explained
- incorporating PROMs into nurse led clinics to monitor and improve patient outcomes

14.40 Developing a patient centred nurse-led peri-operative service within a nurse led spinal assessment clinic

The Spinal Assessment Clinic in South Tees was developed 15 years ago as the first nurse led back pain triage clinic in the UK

Helena Roper *Specialist Nurse South Tees Hospitals NHS Foundation Trust*

- establishing evidence based practice through audit, research and patient feedback
- nurse led assessment, examination, diagnosis, investigation, treatment, patient education and follow-up
- the impact of developing the peri-operative service on patient care and nursing practice

15.00 Performing minor operations and laser treatment within a nurse led ophthalmology clinic

Julia Swann *Ophthalmic Nurse Practitioner Gloucestershire Hospitals NHS Foundation Trust*

- developing the advanced skills to perform minor surgery and laser treatment
- becoming confident in our skills and the service we provide to develop the clinic further
- promoting the benefits of the service to patients and doctors

15.20 Questions and answers/
Group Discussion, followed by
tea and exhibition at 15.25

Endorsed by 

Nurse Clinics 2010

*The premier conference and exhibition
for nurses running effective clinics and services*

Poster Presentations will include:

Planning and setting up 'Out of hours Nurse-led HIV Clinics'

Heather Bowen

*Nurse/Team Leader in HIV Services
University Hospitals Birmingham/
Heart of Birmingham PCT*

Evaluation of pilot intermediate hypertension service

Susan Kennedy

*British Heart Foundation Cardiac Care
Lecturer Nursing and Healthcare,
University of Glasgow*

The evolving role of the Clinical Nurse Specialist within the Somerset Pain Partnership Service, Past and Present

Kirti Leitch and Sarah Priddle

*Clinical Nurse Specialists
Taunton and Somerset Foundation Trust*

Developing Gynaecological Radiotherapy Clinics

Emma Azeem

*Gynaecology Clinical Nurse Specialist
Southend University Hospitals NHS Trust*

Setting up a one-stop nurse led pre-operative assessment clinic

Alison Legge

*Clinical Development Nurse
for Cleft Lip and Palate
Nottingham University Hospital NHS Trusts*
