

Journal of TISSUE VIABILITY

Volume 15 index

	PAGE		PAGE
A			
A novel approach for lower limb ulcers – Kerraboot. Butterly S, Wilson I. Vol 15 No 4	28	The classification and grading of pressure ulcers. Lowthian P. Vol 15 No 2	15
A study to evaluate factors for inclusion in a new self -assessed risk indicator for persons who use a wheelchair for mobility. Wall J, Colley T. Vol 15 No 1	9	D	
Abstracts from the Cochrane Wounds Group. Vol 15 No 4	22	David G.– The size of the problem of pressure ulcers. Vol 15 No 2	12
Abstracts from the Tissue Viability Society annual conference 2005, Aberdeen. Vol 15 No 3	28	Defloor T. et al.– EPUAP statement on prevalence and incidence monitoring of pressure ulcer occurrence. Vol 15 No 3	20
B			
Barton A.– Pressure ulcer classification: rediscovering the key observations. Vol 15 No 2	6	Drug-based inhibition of pressure ulcers. Barton A, Barton M. Vol 15 No 2	10
Pressure ulcers described. Vol 15 No 2	8	E	
Barton A, Barton M.– Drug-based inhibition of pressure ulcers. Vol 15 No 2	10	EPUAP statement on prevalence and incidence monitoring of pressure ulcer occurrence. Defloor T, Clark M, Witherow A, Colin D, Lindholm C, Schoonhoven L, Moore Z. Vol 15 No 3	20
Book review: Honey: A modern wound management product. Vol 15 No 3	34	F	
Butterly S, Wilson I.– A novel approach for lower limb ulcers – Kerraboot. Vol 15 No 4	28	Firth J.– Tissue viability in rheumatoid arthritis. Vol 15 No 3	12
C			
Clark M.– Have your say on the future of the <i>Journal</i> <i>of Tissue Viability</i> . Vol 15 No 3	4	G	
New year resolutions: tissue viability in 2005. Vol 15 No 1	2	Gebhardt KS.– Research in biomedical engineering: an overview of recent literature. Vol 15 No 1	17
What drives pressure ulcer classification – scientific knowledge or fear of litigation? Vol 15 No 2	2	Gene delivery of platelet-derived growth factor for wound healing therapy. Petrie N,	

	PAGE		PAGE
Vranckx J, Hoeller D, Yao F, Eriksson E. Vol 15 No 5	16	Product news. Vol 15 No 2	31
		Product news. Vol 15 No 3	32
		Product news. Vol 15 No 4	24
H		R	
Have your say on the future of the <i>Journal of Tissue Viability</i> . Clark M. Vol 15 No 3	4	Research in biomedical engineering: an overview of recent literature. Gebhardt KS. Vol 15 No 1	17
L		The role of the healthcare assistant in tissue viability. Lloyd-Jones M, Young T. Vol 15 No 3	6
Lowthian P.– The classification and grading of pressure ulcers. Vol 15 No 2	15	S	
Lloyd-Jones M, Young T.– The role of the healthcare assistant in tissue viability. Vol 15 No 3	6	Scar evaluation and management: recommendations. Tèot L. Vol 15 No 4	6
M		The size of the problem of pressure ulcers. David G. Vol 15 No 2	12
Macfarlane A.– The NATVNS Scotland annual general meeting. Vol 15 No 4	23	T	
Measuring the pressure applied to the skin surrounding pressure ulcers while patients are nursed in the 30 degree position. Okuwa M et al. Vol 15 No 1	2	Tèot L.– Scar evaluation and management: recommendations. Vol 15 No 4	6
N		Tissue viability in rheumatoid arthritis. Firth J. Vol 15 No 3	12
The NATVNS Scotland annual general meeting. Macfarlane A. Vol 15 No 4	23	Tissue viability marketplace news. Vol 15 No 2	35
New Year resolutions: tissue viability in 2005. Clark M. Vol 15 No 1	2	Tissue Viability Society business. Vol 15 No 1	30
O		Tissue Viability Society business. Vol 15 No 2	29
Okuwa M. et al.– Measuring the pressure applied to the skin surrounding pressure ulcers while patients are nursed in the 30 degree position. Vol 15 No 1	2	Tissue Viability Society business. Vol 15 No 4	26
P		U	
Petrie N. et al.– Gene delivery of platelet-derived growth factor for wound healing therapy. Vol 15 No 5	16	The UK contribution to the 2nd World Union of Wound Healing Societies Conference (1). Vol 15 No 1	19
Pressure ulcer classification: rediscovering the key observations. Barton A. Vol 15 No 2	6	The UK contribution to the 2nd World Union of Wound Healing Societies Conference (2). Vol 15 No 2	19
Pressure ulcer classification: an introduction to the literature. Vol 15 No 2	26	W	
Pressure ulcers described. Barton A. Vol 15 No 2	8	Wall J, Colley T.– A study to evaluate factors for inclusion in a new self-assessed risk indicator for persons who use a wheelchair for mobility. Vol 15 No 1	9
Product news. Vol 15 No 1	32	What drives pressure ulcer classification – scientific knowledge or fear of litigation? Clark M. Vol 15 No 2	2
		Writing for the <i>Journal of Tissue Viability</i> . Vol 15 No 1	27
